Volume 3, Issue No. 2a

### Join Deborah Madison for Lunch & Conversation @ the Shed

Dear Friends & Allies,

Roots of Change (ROC) is working on the frontline of policymaking in Sacramento to fix food and farming. We organize and advocate, making more good food accessible for all and more farms sustainable and resilient. **We need your help to do this work.**

We know you have many priorities in life. That is why great farmers, chefs and writers are donating time for ROC events that will enrich your life, bring you pleasure and grow your circle of friends. We have [many coming](#) this year. The next is on April 30th at [Healdsburg SHED](#): **Author, chef and food activist, [Deborah Madison](#) joins us for a lunch and conversation.**
